

## Sublime Rarity

*Ms. Devika*

---

*L*ife is a perpetual continuity!

*If it's so  
Why does it keep coming to the same things  
All over again?*

*Life is nothing but beauty!  
If it's so  
Why does it let  
All the filth, dirt, dross and scum  
Sit in its lap?*

*Life is nothing but sorrow!  
If it's so  
Why does it enchant  
Bewitch, enrapture and spellbind  
The blithe beings of nature?*

*Life is nothing but love!  
If it's so  
Why do we feel tempted to be parasites  
Thriving on the blood of others?*

*Life is nothing but knowledge!  
If it's so  
Why do we feel contented  
To be lost in  
The darkness of ignorance?*

*Life is nothing but a sublime rarity!  
If it's so  
Why do we make it miserable?  
Why do we not  
Live and let others live blissfully?*

*mirror, mirror on our world...*
